Creative Nature

GIFT TAGS

5 BEAUTIFUL WILDLIFE RANGES

At Creative Nature we make a wide variety of gift tags - there is a selection from each of our ranges. These include The African Wildlife Collection, Nature in Black and White, Creative Nature, The Christmas Collection and Curious Creatures. The tags are produced on quality card stock and each measure 90mm x 50mm. They have a beautiful image on one side and are blank on the other for messages. Our gift tags are packaged in sets of 10 - and there is only one of each design per pack. The packs also include 10 pieces of string so the tags can be tied or taped to gifts. Each tag is finished with an eyelet to thread the string through and add extra quality.

Below you will see the full selection of our gift tags - please get in touch with orders and enquiries
